

2017–2018 Annual Report

American Academy of Allergy, Asthma & Immunology Foundation

Funding research that leads to the prevention and cure of
asthma and allergic and immunologic disease.

Why Us? Why Now?

THE FOUNDATION'S IMPACT ON THE FUTURE OF A/I RESEARCH

Three years ago, the AAAAI and its Board of Directors sponsored a summit at which we re-evaluated the AAAAI's fundraising efforts to that point in our history. We examined how to most effectively improve the care of patients affected with allergic and immunologic diseases through supporting scientific discovery. As we re-branded our philanthropic arm as the AAAAI Foundation, our first need was to clearly define our mission, which we set as "funding research that leads to the prevention and cure of asthma and allergic and immunologic disease." How exciting that we are living at a time when these goals are possible.

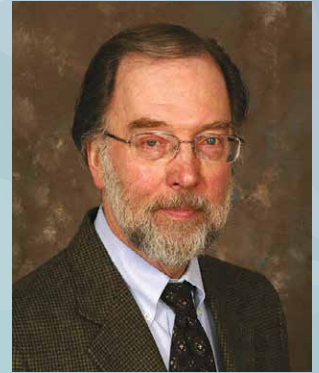

Recent advances in diagnosing, understanding and improving patient treatments have been most impressive. To harness and translate these advances into opportunities, it is essential that researchers are available and trained to apply these findings to patient care. A key step in achieving our mission is providing the next generation of investigators with the opportunity to conduct the needed research.

Consequently and appropriately, the AAAAI Foundation's commitment to supporting these investigators through Faculty Development Awards is critical. Over each of the past three years, we have been able to award a total of eight investigators with three-year awards of \$240,000 each. From my perspective, these developmental awards will provide the research from which we will all benefit – most importantly including our patients with allergic diseases.

Your generosity allows us to keep these dreams and goals alive. Thank you for your interest and kindness in supporting the AAAAI Foundation.

2017–2018 Foundation Awards

2017 RECIPIENTS

Lora G. Bankova, MD

Brigham and Women's Hospital

Project: "A Novel Cysteinyl Leukotriene Pathway for Control of Epithelial Cell Differentiation and Function"

Award term: July 2017–June 2020

Kirsten Kloepfer, MD, MS

Indiana University

Project: "Microbial Influence on Airway Function and Inflammation"

Award term: July 2017–June 2020

Timothy P. Moran, MD, PhD

University of North Carolina School of Medicine

Project: "Role of Neuropilin-2 in Allergic Asthma Pathogenesis"

Award term: July 2017–June 2020

2018 RECIPIENTS

Lori Broderick, MD, PhD

UC San Diego

Project: "Molecular Mechanisms of Immunodysregulatory Disorders"

Award term: July 2018–June 2021

Sarah E. Henrickson, MD, PhD

Children's Hospital of Philadelphia

Project: "Defining Exhaustion and Immunometabolic Alterations in Primary Immunodeficiency"

Award term: July 2018–June 2021

Adora A. Lin, MD, PhD

Children's National Medical Center

Project: "Elucidation of the Role of B Cells in Food Allergy, Sensitization, and Tolerance"

Award term: July 2018–June 2021

AAAAI FOUNDATION FACULTY DEVELOPMENT AWARD

"At this point in my career, this award is instrumental in allowing me to continue to pursue this pathway of research. Without this support, it would be a lot more challenging."

 Award term: July 2015 - June 2017

2018 GRANT IMPACT STUDY RESULTS:

\$4.7 million granted
 as major awards since 1993

\$66 more granted to our major
 awardees from other sources
 after Foundation provided initial support.

**30 of our
 31 major
 awardees** have
 continued their
 careers in Allergy/
 Immunology

**That’s a 1,300%
 return on investment**

Foundation Benefit

Our annual Foundation Benefit is a premiere social event of the AAAAI Annual Meeting, and features the presentation of our Faculty Development Award to three young investigators, live music, and a seated dinner. All proceeds from this event support our awards program. Thank you to all who purchased Benefit tables and individual seats; we greatly appreciate your support. The 2017 Benefit was held at the Atlanta History Museum; the 2018 Benefit was held at SeaWorld Orlando.

5K Run/Walk

The 5K Run/Walk supports research and provides an exercise break during the intensive scientific program at the AAAAI Annual Meeting, with over 500 participants each year. Thank you to all who register for the Run/Walks; we greatly appreciate your support. Our 2017 Run/Walk (Atlanta) and 2018 Run/Walk (Orlando) both featured IndyCar driver and asthma patient TJ Fischer as Grand Marshal.

We are grateful to Shire for its generous sponsorship of the Run/Walk in 2017 and 2018!

Funding research that leads to the prevention and cure of asthma and allergic and immunologic disease

AAAAI FOUNDATION FACULTY DEVELOPMENT **AWARD**

This award, which provides \$240,000 in funding over a three-year period, is intended to support the development of junior faculty to further their careers in Allergy and Immunology, and to help create leaders and independent investigators by funding excellent research that will lead to the prevention and cure of asthma and immunologic diseases.

- Eligibility is restricted to Faculty Members (MDs, MD/PhDs, DOs, DO/PhDs) with a primary appointment in allergy/immunology, either as instructor or assistant professor, who have completed training for board certification in allergy/immunology by July 1, 2018.
- Applicants must have a formal association with an allergy/immunology fellowship program.
- Applicants must be citizens of the United States or Canada
- Applicants must be AAAAI members or submit a membership application with the award application.

Award term is July 1, 2019 to June 30, 2022.
